Have an idea for a cruise-in or road trip?

Share it with us!

From Our President...Bill Stockton

By now you may know I recently lost my running partner. With your help, I will survive this loss. Pam was always ready to get out and go someplace, anyplace, as long as there were friends and food involved. If we could go in the old cars so much the better. We will have to continue on and look for places to cruise to and explore. Thank all of you for all the thoughts and prayers.

When we meet on August 10, same time / same place, we will need to take care of a few things, in addition to the regular election of officers. We have two vacancies on the board of directors that need to be filled.

1. A membership committee chairperson. If you have computer skills enough to work a spreadsheet this might be for you.
2. The other position is an at-large member, the requirement here is simply someone who wants to contribute to making the club grow and prosper.

If you are a charter member or this is your first meeting please consider these positions. We can always use new and fresh ideas.

August 10th is when membership dues will be collected. Between now and then try to save up \$20 bucks. If you are a new member who joined after February 2023, your membership is not due until August 2024.

Stay safe,
Bill

I know it's difficult to put yourself in the spotlight, but maybe consider it a different way. Our club meets only once a month and those gatherings are often following an agenda with plans for the upcoming months. Not a great time to get to know each other, right?

When I was asked to take over the newsletter my brain was all abuzz with ideas. As I thought about it I realized how little I knew about my new club friends. That is how the Member Spotlight page was born. I will readily admit it's been a bit of a challenge getting folks to open up and share their story, but you don't have to tell all ...just a few bits about you and your cars. Don't be shy, you're among friends. I have had the best time getting to know more and more members and I'll have to say ... I've learned so much so I hope you'll step a bit outside your comfort zone and take the plunge. Email newsouthcruisers@gmail.com and I will reply with some sample questions to get you started.

Pam Stockton ... *Remembering the good times ...*

Join us in a stroll down memory lane. Pam Stockton's story was over too soon. She loved car shows, especially when food and friends were involved!

"My favorite!!! With our 4th of July outfits and sunglasses!"

Georgia Mountain Moonshine Car Show - 8/1/21 ... Packing up to come home and we had taken our Crossfire to the show and sold it. So Bill and Pam had to pack and repack their trunk to "fit" our bags into their car and haul us back. Pam was supervising Bill on the packing. ~ Linda Barfield

Taylor Car Show-5/4/22 Again, another cold day for a car show, but we had no choice but to be there for this one. We had to work it.
